PART IV.

Official Papers.

Abstract of Season or Intermediate Reports for the Week ending 11th March 1882.

Bangalore District.—The crops dependent on irrigation are generally withering from want of water in tanks. Sugar-cane is being cut. Prospects of season fair. Public health generally good, but fever is reported to be prevailing in all the taluks and small-pox in Closepet and Anekal. Murrain among cattle is increasing. Drinking water is scarce, particularly in the Kankanhalli and Nelamangala Taluks. Pasturage sufficient for the present except in the two taluks above mentioned and in Hoskote where it is scarce. Prices : rice 11¼ seers, ragi 25 seers and horse-gram 33½ seers per rupee.

Kolar District.—Standing crops under large tanks in good condition, but under small tanks they are withering. The condition of the Vaisakha paddy crop which was affected with disease has improved in some places. Planting of sugar-cane continues. Scarcity of drinking water felt in some villages of the Shrinivaspur Taluk. Prospects of season hopeful. Public health good, except in a few villages of the Sidlaghatta Taluk where small-pox is still prevalent. Cattle disease abating. Pasturage procurable. Prices : rice 13 to 14 seers and ragi 28 to 30 seers per rupee.

Tumkúr District.—The wet crops under some tanks in the Tumkúr Taluk have withered. Those under some other tanks in this and in the Maddagiri and Kadaba Taluks are withering owing to a deficient supply of water. The javari crop in the Maddagiri Taluk is also withering. Elsewhere the crops are in good condition. Sugar-cane, and Bengal-gram were harvested. Prospects of season fair. Public health good. Small-pox is confined to two taluks in one of which it is decreasing. Cattle disease prevalent in the Tumkúr and Honnavalli Taluks. The want of drinking water felt in many villages of the Honnavalli Taluk. The supply of forage is diminishing in the Maddagiri Taluk and not procurable in the Sira Taluk. Prices : rice 11½ to 13 seers, ragi 24 to 32 seers and horse-gram 30 to 40 seers per rupee.

Mysore District.—The sugar-cane crop is doing well. Bengal-gram is being sown under tanks in some taluks. Prospects of season fair. Water-supply diminishing and pasturage getting scarce. Public health good. Prices stationary.

Hassan District.—In the Hassan Taluk the standing crops, Bengal-gram, onions, garlic, and sugar-cane, are either withering or have withered. In the Haranhalli Taluk the sugar-cane crop is withering and Bengal-gram affected with disease. In Channaraypatna sugar-cane and Bengal-gram are in a backward condition. Prospects of season fair. Small-pox prevalent in parts of several taluks. Murrain prevalent in parts. The supply of drinking water is deficient, except in the Manjarabad and Nagamangala Taluks and in places where there are rivers, channels and large tanks. Water being obtained chiefly from wells sunk in the beds of dry tanks. The deficiency in pasturage is made up in parts of the Haranhalli Taluk by date leaves. Prices : rice 11 to 17 seers, ragi 20 to 30 seers, and horse-gram 20 to 48 seers per rupee.

Shimoga District.—The Vaisakha crops under the Sulikere channels and in parts of the Sâgar, Sorab, Nagar, and Shikarpur Taluks are in fair condition ; but the yenegar jola and castor oil-seed in Channagiri and Honnali suffer from drought. In Sorab pepper is being picked and sugar-cane milled. Prospects of season indifferent. There is a scarcity of water and fodder in parts of the Maidan taluks. Fever and small-pox are very prevalent. Cattle suffer from foot and mouth disease. Prices : rice 12 to 20 seers, ragi 16 to 35 seers and jola 24 to 28 seers per rupee.

Kadur District.—Standing crops, *viz.*, Bengal-gram, wheat, cholam and sugar-cane, are in good condition in the Malnad, but in the Maidan tracts they are in need of rain, especially in the Banavar Taluk where they are reported to have withered. Sugar-cane and Bengal-gram were harvested in the Chikmagalur Taluk, and Bengal-gram and oil-seed in Tarikere. Prospects of season in the Maidan indifferent. Small-pox still prevalent in the Banavar Taluk and in the Town of Chikmagalur. Elsewhere the public health was good. Water-supply and pasturage scarce in the Maidan portions of the District. Prices fluctuating ; rice 11 to 17 seers and ragi 22 to 28 seers per rupee.

Chitaldroog District.—Standing crops in good condition except in some villages of the Pavagada Taluk, where the paddy crops are affected by disease. Wheat, javari, Bengal-gram, ragi, navane, horse-gram, sâmé, togari, sugar-cane and cotton were harvested. Prospects of season as also public health good. Cattle disease prevalent in parts. From 1 to 5 months supply of water available in parts, but scanty in others. Except in some villages of the Budihal Taluk where cattle are fed on date leaves, there is from 1 to 6 months' supply of fodder in stock. Prices : rice 11 to 14 seers, ragi 28 to 42 seers, and javari 30 to 40 seers per rupee.

By Order,

R. VIJAYINDRA RAO,
Secretary.
